

A MALARKEY EMERALD PREMIUM CONTRACTOR WILL OFFER YOU PEACE OF MIND

MISSION STATEMENT

The mission of the Certified Residential Contractor program is to provide the consumer with a factory trained applicator. It is a “Shared Value” program bringing together industry roofing application details coupled with factory trained applicators using high quality Malarkey Roofing Products®.

ROOFING CONTRACTORS' GOALS

Choosing an Emerald Premium Contractor provides numerous advantages. It brings confidence to the consumer that they are trained, experienced and knowledgeable. It strengthens the working relationship between the Premium Contractor and the homeowner. It helps distinguish the local contractor from non-approved

contractors in their area of business operations. By extending the service life through quality application and superior roofing products, the benefits to the homeowner are valuable. Providing peace of mind and appreciation for your consistent quality of work, solidifies you and your company for future referral business.

THE BENEFITS OF WORKING WITH A MALARKEY EMERALD PREMIUM CONTRACTOR

- **Valuable long-term experience** – Malarkey Emerald Premium Contractors have been in business for at least 5 years, and are required to be licensed, bonded and insured (per state guidelines).
- **Commitment to quality service** – A Malarkey Emerald Premium Contractor demonstrates a strong value and commitment to quality work and proud to install Malarkey Certified Roofing Systems.
- **Trust and Loyalty** – We support our Malarkey Emerald Premium Contractors because they are a trusted partner in the roofing industry, and proud to promote the quality of our Certified Roofing Systems.
- **Confidence** – Using a Malarkey Emerald Premium Contractor will offer you peace of mind, knowing that your roof has been installed by trained professionals who are as proud of their work as you are of your home.
- **Educational Support** – Malarkey Emerald Premium Contractors complete the Steep Slope Roofing Excellence training, application tests and Roofing Installation Evaluation. This support for education and certification is ongoing and promoted with program badges.
